FROM THE PRINCIPAL OFFICER

As previously communicated to our members, Imperialmed is now Imperial Motus Med (registered name: Imperial and Motus Medical Aid), the in-house Scheme for Imperial Limited and Motus Holdings Limited.

The healthcare industry continues to face major regulatory reforms by the current government to create fair access to quality healthcare services for all citizens. In this environment, **Imperial Motus Med** continues to offer a comprehensive cost/benefit structure when compared to similar products available in the industry.

Members of Imperial Motus Med have access to two benefits plans, namely the **Imperial Motus Med Health Plan** and the **Imperial Motus Med Budget Plan**. The Imperial Motus Med Health Plan offers rich benefits at a relatively low cost and the Imperial Motus Med Budget Plan offers low-cost cover for essential, basic healthcare.

The strategic advantage of offering healthcare benefits to employees through an in-house, employer-based medical scheme continues and has become more pronounced following recent developments in the regulatory environment.

Imperial Motus Med has not deviated from its philosophy of providing a competitive and affordable benefit and contribution structure that is based on providing comprehensive cover for major medical events, such as hospitalisation and chronic medicine, while adequate cover is provided for more frequent and less expensive day-to-day events.

Johan van der Walt
Principal Officer

GUIDE TO TERMS USED IN THIS MEMBER BROCHURE

Board of Healthcare Funders	Board of Healthcare Funders refers to the representative organisation for the majority of medical schemes throughout South Africa.
DSP: Designated service provider	A designated service provider is a healthcare provider or group of providers selected by the Scheme as preferred providers to provide diagnosis, treatment and care in respect of one or more prescribed minimum benefit conditions.
MRP: Mediscor Reference Price	MRP model is applicable to all medicines with generic equivalents. The MRP sets a maximum reimbursable price for a list of similar generic products with a lower cost than that of the original medicine. If a member chooses to use medicine that is more expensive than the MRP, the member will have to pay the difference between the price of the chosen medicine and the MRP. This is applicable to both preferred and non-preferred formulary medicines. Co-payments can be avoided or reduced by using a generic equivalent that costs less than the MRP. We encourage the use of generic equivalent medicines in the interest of cost-effective care.
Imperial Motus Med Specialist Network	The Scheme implemented a specialist network on 1 January 2018 to contribute to sustainable contribution increases; members could be liable for co-payments if a non-network specialist is used.
PMBs: Prescribed Minimum Benefits	PMBs refer to the minimum benefits that must be provided by a medical scheme in terms of the Medical Schemes Act (no 131 of 1998) and its regulations. Please contact the Call Centre for more information on these benefits.
MSR: Medical Scheme Rate	The MSR is the rate at which Imperial Motus Med pays for medical products and services, which will be determined by the Scheme from time to time.
Momentum Health Solutions (MHS)	MHS has been at the forefront of innovation in the management of clinical risk for clients; they are the leading healthcare organisation, providing managed care services to employer-based medical schemes in South Africa.
MME: Major Medical Expenses	MME are medical expenses for in-hospital treatment and certain out-of-hospital expenses, for example for oncology, dialysis and Prescribed Minimum Benefits (PMBs). (See pages 9 to 21)
Medicine Price	Medicine Price refers to the Single Exit Price, plus a dispensing fee. Please be aware of this in order to ensure you are not charged additional costs on medicine.

IMPERIAL MOTUS MED HEALTH PLAN

This is a traditional plan that provides unlimited private hospital cover at 100% of the Medical Scheme Rate (MSR) and routine day-to-day benefits at 85% of the MSR up to generous annual limits.

IMPERIAL MOTUS MED BUDGET PLAN

The Budget Plan provides low-cost cover for essential, basic healthcare with unlimited in-hospital cover at 100% of the MSR, no chronic non-Prescribed Minimum Benefits, a general practitioner network with specialist referrals and day-to-day benefits at 85% of the MSR, with relatively low annual limits.

IMPERIAL MOTUS MED HEALTH PLAN

Members who are registered on the Imperial Motus Med Health Plan during the course of a financial year will be entitled to the benefits set out in Annexure B of the rules of the Scheme. The maximum available benefits will be adjusted in proportion to the period of membership, which is calculated from the date of admission to the end of the financial year.

IMPERIAL MOTUS MED BUDGET PLAN

The annual limits for members who register on the Imperial Motus Med Budget Plan will be calculated on a pro rata basis for members joining from 1 February to 31 July of each year, but those joining 1 August to 31 December of each year will have access to the same benefit limits as those joining on 1 July of the year.
