SECOND QUARTER 2021

Revision of contribution increases effective 1 July 2021.

LETTER FROM THE PRINCIPAL OFFICER

The Board of Trustees, in conjunction with the Scheme's actuaries, reviewed the Scheme's financial position during the first quarter of 2021 and confirms that a 3% contribution increase will be implemented on both the Imperial Motus Med Health and Budget plans with effect from 1 July 2021. This increase, as well as the delayed 2020 contribution increase, which was implemented on 1 January 2021, reflects the positive impact the COVID-19 pandemic has had on the Scheme's claims patterns due to a reduction in claims that are not related to COVID-19, and competes favourably with industry increases during the same period.

The income categories according to which your contribution is determined will be increased by 5% for both the Imperial Motus Med Health Plan and the Budget Plan with effect from 1 July 2021. This should prevent the possibility of being pushed into higher income categories due to annual salary increases.

Scheme Management is confident that Imperial Motus Med continues to offer better value for money compared to similar schemes in the industry.

The tables below reflect the new contributions per income category and family composition.

Yours faithfully
Johan van der Walt
